

**CROWLEY,  
this unknown hero**

**Thousands of immaculate letters engraved in the rock  
by the strokes of pickaxes,  
as a tribute paid to all these canadian heroes.**

**A man among so many other words engraved  
in the rock from french or english,  
Including this name with seven letters CROWLEY  
lives embedded in the marble of Vimy for eternity.**

**Thousands of letters cry on the bare rock,  
engraved by the strokes of the pickaxe.  
The veiled woman watches over them as a tribute paid  
to all these unknown canadian heroes.**
